

# Print these at home. Send them to Canada.

Five designs, two of each per sheet. Print only the ones you want. Print, cut, write, mail.

---

## 1 Use card stock if you have it

65–110 lb letter paper. Plain paper works, but you will need to put it inside an envelope before sending.

---

## 2 Print at 100%

In the print dialog choose **Actual size** or **Scale: 100%**. Do not use “Fit to page” — it shrinks the cards below postcard size.

---

## 3 Print double-sided, flip on the long edge

If your printer only prints one side, print the Front pages first, put the stack back in the tray, then print the Back pages. Every page is labeled. Try one sheet first.

---

## 4 Cut on the dashed lines

Each sheet gives you two postcards, 6 × 4 inches each.

---

## 5 Write your note

If you're not in New York City, the white postcards have been left blank so you can add your own city or state to the front. On the back, message on the left, mailing address is already printed on the right.

Want black postcards customized for your city? Email us at [hello@CanadaLoveNotes.com](mailto:hello@CanadaLoveNotes.com) and we'll send you a custom kit.

---

## 6 Add international postage

Mail to Canada requires one \$1.75 Global Forever stamp. Place it in the circle at the top right.

---

### Pick your cards

Each design is one front page plus the back page right after it. In the print dialog, enter just the pages you want. White cards use very little ink.

#### PAGES 2–3

**Thank you,  
Canada.**

White

#### PAGES 4–5

**Dear Canada, the  
current...**

White

#### PAGES 6–7

**Dear Canada, a  
friend's  
courage...**

White

#### PAGES 8–9

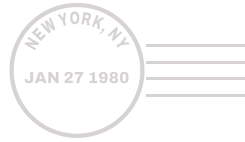

**Sorry, Canada.**

Black

#### PAGES 10–11

**We stand on  
guard for thee.**

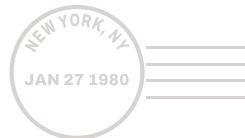

Black

## Thank you, Canada.

We see you. We admire your resolve. You're inspiring the world. Don't ever change.

*Love,* \_\_\_\_\_
